

CREAMFIELD DAIRY

Creamfield Dairy + Novatan compound Range is specifically designed to maintain milk quality when cows are turned out to grass in the Spring.

Suitable for

- Herds producing 4500 litres to 8500 litres
- Flat rate or fed to yield
- Optimising RDP available in grazing

Features

- Available 13,15,17% protein levels
- ^R Contains Novatan, a blend essential oils which improves the digestion of protein in the rumen
- Reverse ration MPN & MPE

Benefits

- Reduces protein wastage and therefore cost saving
- Reduces urea's which improves fertility
- Maintains milk solids, providing a higher return on milk price
